

17th October 2019

From the Principal's Desk

Can you recall many teachers from your schooling?

Even at my age with a memory slightly waning, my Year One teacher, Sister Robert immediately comes to mind and not for the right reasons. She was an imposing figure, often dressed in a black robe, who would hit my hands with a ruler whenever I did not pack my cuisenaire rods correctly in their container. This was a daily occurrence as I was a 'slow learner'.

On a happier note, Mr Tom Faulkner, history teacher and Mr Col Morris, English teacher, hold wonderful memories. Both were enthusiastic, passionate and exciting mentors who made learning interesting and enjoyable. Mr Faulkner had a genuine social justice conscience and we were always attending community events, helping others and in Year 12, a group ran from Brisbane to Bundaberg to raise monies for a local charity.

Mr Morris was a 'tough' man who expected only the best from his students and worked us accordingly. As a swimming coach, he was a terror. Look out if you ever put your feet on the bottom of the pool after a tumble turn. If caught, you had a beach towel tied to your ankles for the next 200 metres. He did instil in us a love of the English language though and his lessons were always filled with quotes from famous literature.

One of his favourite was from George Bernard Shaw's play, "Pygmalion" and it read, 'What is life but a series of inspired follies? The difficulty is to find them to do. Never lose a chance: it doesn't come every day.'

This statement is definitely an untruth at Sacred Heart School when you look ahead over the next few weeks. A plethora of activities abound.

Loud Shirt Day and sponging the teachers were very successful, today.

School Book Fair in our library which commences today.

Our musical showcase on Wednesday 23rd from 6.30pm.

Our three hour touch football game on Friday 25th from 5pm.

Day for Daniel on Friday 25th.

Our Year 6s on camp to the Sunshine Coast for a week from 28th.

Grandparents' assembly on Thursday 7th and so on.

I encourage all our families to come along to as many of these as possible as it helps build and nurture our school family.

Another teacher who comes to mind was the quite crazy, Brother Quain who taught us Religion in Year 12. He was eccentric and often wrote quotes on the board for us to digest. I recall this one from Pope Paul VI, "Somebody should tell us, right at the start of our lives, that we are dying. Then we might live life to the limit, every minute of every day. Do it. I say. Whatever you want to do, do it now. There are only so many tomorrows."

Our school is extremely blessed to have the support of so many great parents and carers: our Parents and Friends' group, our Heart Parents, our amazing helpers in Prep, Year 1 and 2 to name some. Your support of our school is greatly appreciated and extra assistance is always needed.

No inspired follies here at Sacred Heart and certainly no difficulties in finding things in which to be involved.

All the best

Max Martin

Assistant to the Principal Religious Education

This week I started a health and fitness challenge. The first couple of days I struggled to walk up and down the stairs and lift anything lighter than a pencil. Thankfully, the pain started to lessen, however yesterday I was not well and had a day off school and exercise. I am not too sure if it is the toxins going through my system or if I have caught something on top of this.

This morning, still not feeling great, I walked into my office to find some beautiful messages from Year 4 students, thanking me for a variety of things. This small act of kindness has boosted my energy and put a jump (albeit small) in my step.

Isn't it wonderful to feel so special from a small act of kindness? I feel extremely honoured and grateful that I was the chosen recipient of these notes. I also realised that I have been wrapped up in my own world and how I felt, also known as 'Poor Me Syndrome' when there are many others out there feeling a lot worse. I have my health, my family and now a renewed spirit to help others.

In the next week, I urge you to look around you and when you feel that life is getting you down, remember that there is always someone worse off. Show an act of kindness and make someone else's day. It could be a note, a smile, a coffee invite or playing a game of cards with your children. Together we can make a difference with 'One Small Act of Kindness'.

Lord, help me to be kind along life's winding road.
May I never add more weight to someone's load.
Let me be known for kindness to all and
Keep my eyes open before someone falls. Amen

Have a great week

Melissa Collins

Pat M - Mathematics Assessment Tool

At Sacred Heart, we recognise the importance of collecting data to inform the ongoing teaching and learning of Mathematics. In line with diocesan practices, Sacred Heart uses PAT-M (*Progressive Achievement Test in Mathematics*) along with Naplan results, classroom observations and assessments to collect this data.

This test is a 40 minute online assessment and will be administered across all year levels during weeks 3 and 4 in our computer room. PAT-M assesses student's mathematical processes of understanding, fluency, problem solving and reasoning.

Important Year 6 Camp Message

Year 6 parents, thank you to all the families who have returned their medical forms for camp. Following is a further requirement in regard to this.

If your child requires medication while away on camp, it is to be given to Mrs Kenny in the multipurpose area, on the morning of camp, prior to our departure. All medication is to be placed in a plastic snap lock bag, clearly labelled with your child's name on it. Prescribed medication must be labelled by the chemist.

It is also essential that parents have a chemist label on any over the counter non-prescription medicine. The label needs to have the child's name and the dosage required on it. For example, if your child requires paracetamol or ibuprofen for a headache, antihistamines for allergies, or travel sickness tablets, you must provide a chemist labelled packet of this on the day of departure.

We cannot dispense non-prescription medication, unless it has its own chemist labelled packet.

Should you have any queries or further information to provide regarding your child's medical needs, please do not hesitate to contact Mrs Kenny.

It is open to our Year 3s to 6s children, no touch football experience is required, and so far we have been very pleased with the number of children wanting to be involved.

The cost is \$10 per child with all proceeds going to St Vincent De Paul.

Children will be placed into teams of 12 with a teacher/adult supervising each team. 6 players are on the field at any one time. We are hoping to have at least 6 teams taking part.

Water bottles and suitable footwear (no bare feet) are essential.

Transport to and from the fields is each family's responsibility. Let us know if you have any difficulties in this regard however.
